

Pivot™

16" Dual Brush, Cylindrical Floor Machine.

Powerful cleaning tool for challenging floor applications.

- » Floor machine using cylindrical brushes for aggressive cleaning on porous or uneven floors
- » Superior scrubbing performance with two counter-rotating brushes and 60 lbs of down pressure delivering 4-6 times the contact pressure of a disc unit
- » Versatile
 - Can operate like a traditional swing machine for productivity in open areas or like a walk-behind for precise cleaning along walls and in corners
 - Can be used to maintain or deep clean a wide variety of floors like grouted tile, rubber disc and natural stone
- » Compact and portable
- » Designed for maintenance and deep cleaning in confined area and on a number of different tiled surfaces
- » Simple to operate and maintain
